***"KEEP YOUR LOCAL VOICE"***

Dear Voter,

I am seeking your support in May's local election, to continue being an active local representative, in the Killarney Municipal District. I have always sought **public accountability** and **transparency** within our local government structures. If re-elected, my commitment is to continue to work for the future growth, development and recognition of local communities, both rural and urban. I will maintain my record of being a **persistent, determined and experienced** voice at council meetings.

As a result of the constituency changes, I have lost 35% of my first preference vote since the last local election. **I am reaching out to you, pleading for your No.1 vote in order to ensure you retain your strong, experienced, independent voice in Kerry County Council for the Killarney Municipal District.**
